

How to Use Cisco Secure Email for Agent Change Request Forms

for AARP® Medicare Supplement Insurance Plans from UnitedHealthcare®

Follow these helpful tips to ensure you are sending Agent Change Request forms to UnitedHealthcare properly through Cisco secure email:

1. Make sure you have access to Cisco Secure Email.

If you need access, please send a request to the Producer Help Desk (PHD) at PHD@uhc.com. The PHD will send a secure email in reply, which will enable you to access and register to use UnitedHealthcare's secure email service. Please do not send any email attachments as part of your request.

NOTE: If you have received and opened a secure email from the PHD in the past and previously registered to use UnitedHealthcare's secure email service via <https://res.cisco.com>, you do not need to send an additional request for access.

2. Only Cisco Secure Email can be used to send Agent Change Request forms to UnitedHealthcare.

Refer to the forms for the specific email address to send the applicable form and attachments. Emails from a different secure email product cannot be processed.

3. Do not submit AARP Medicare Supplement Plan applications to UnitedHealthcare via Cisco Secure email.

Only Agent Change Request forms and their supporting documentation can be sent.

4. Do not protect each individual attachment.

Simply attach items to Cisco secure email. UnitedHealthcare cannot process protected attachments.

5. All attachments must be in a .JPG, .PDF or .TIF format.

No other formats will be accepted.

Thank you for your help in keeping member's personal information safe!

Remember, the Cisco secure email capability is only available for the following forms, found on [Jarvis](#) under Enrollments > Application Status: AARP Med Supp General Information Change - Form 1, AARP Med Supp Insured Information Change - Form 2, AARP Med Supp Back Termination and Refund Request - Form 3, AARP Med Supp Pending Apps - Form 4, AARP Med Supp Plan Changes - Form 4 for Plan Changers.
