- [Eligibility Application Confirmation Documentation](#)

Required Elements for Receipt of Consumer Consent Documentation

Agents, brokers, and web-brokers assisting with facilitating enrollment for coverage through Federally-Facilitated Exchanges (FFE) and State-Based Exchanges on the Federal platform (SBE-FPs) or assisting an individual with applying for Advance premium tax credit (APTC) or cost-sharing reduction (CSR) are required to document the receipt of consent from the consumer or the consumer's authorized representative.

This requirement will help resolve disputes between enrolling agents and consumers, or between multiple enrolling entities.

Required Elements

- **Consumer or authorized representative is required to take an action, such as providing a signature or an audio recorded verbal confirmation, which produces a record**
 - The record should be in a format that can be maintained by the agent, broker, or web-broker, and produced to confirm the consumer's or their authorized representative's consent was provided
- **Documentation must include:**
 - A description of the scope, purpose, and duration of the consent provided by the consumer or their authorized representative;
 - The date the consent was given;
 - The name of the consumer or their authorized representative;
 - The name of the agent being granted consent; and
 - The process through which the consumer or authorized representative may rescind the consent.
- **Documentation must be maintained at least 10 years** and made available upon request in response to monitoring, audit, and enforcement activities
