Material Review Requests

UnitedHealthcare does not review or approve agent created materials. However, if the IFP Agent Guide does not address a specific concern regarding a material you are developing, please provide us with a draft of the material along with your detailed questions. Overly broad questions such as, “Is this material compliant?” will result in referral back to the IFP Agent Guide.

Reporting Allegations of Noncompliance

- UnitedHealthcare member complaints associated with noncompliant activities must be managed through UnitedHealthcare's Member Services. If there is an agent or provider associated with the non-compliant activity, Member Services will refer the issue to the appropriate team.
- Refer allegations of noncompliant sales activity that do not involve a member complaint to the Compliance Questions mailbox. Provide detailed information related to the situation including names and contact information of individuals involved, the noncompliant activity observed, and any supporting evidence available, such as pictures or complete copies of mailers.

UnitedHealthcare only investigates agent allegations involving contracted UnitedHealthcare agents or employees for business conducted on behalf of UnitedHealthcare. Direct allegations of noncompliance by agents representing another carrier to that carrier.

Report by Phone

To report by phone, call **1-800-455-4521** to report by phone any illegal or unethical conduct, including violations of law, contractual obligations, and company policies (including the Principles of Ethics and Integrity); privacy issues; or suspected fraud, waste, and abuse.
