## Enjoy a hassle-free experience.

With an AARP® Medicare Supplement Plan from UnitedHealthcare, you don't need to worry about annual plan changes or shopping for a plan every year. Plans continue, as long as premiums are paid on time.

## Navigate with ease.

Start getting the care you deserve. Medicare will cover one Welcome to Medicare preventive visit within the first 12 months of your Medicare Part B effective date. This visit promotes good health through disease prevention and detection. Make sure to ask for it by name because this is not a yearly wellness visit or physical exam, and ask your provider to use billing code G0402 when submitting the claim.

Plus, you'll have peace of mind knowing your Medicare supplement plan will help cover any additional Medicare-eligible tests or services your doctor may order during this visit.

Check out your *Getting Started Guide* on [myAARPMedicare.com](https://myAARPMedicare.com) that includes helpful information about using your plan, such as:

**Finding doctors or specialists who accept Medicare**

**How to make appointments**

**What your plan covers**

**Understanding the claim process**

**Why and when you might have out-of-pocket costs, as well as who to pay**

## Your one-stop resource.

Visit [myAARPMedicare.com](https://myAARPMedicare.com) to get the most out of your plan, including information about various wellness extras that come along with your plan at no additional cost. Extras like a gym membership and vision, hearing and dental discounts, as well as other health-related services that provide additional value.
