[Why average?](#) ⓘ

Why average?

The average monthly drug cost represents the amount you would pay if you had the same drug costs each month. The actual cost each month could be higher or lower than this amount depending on the coverage stage you're in.

[View drug pricing](#)

Click **View Drug Costs** to view the drug specifics on different tiers.

- ⑨ Each of the drugs on their list will open so you can view the Drug Tier, Initial Coverage Cost, what the consumer will pay for the drug, and any deductible.
