

Drug Cost Estimator

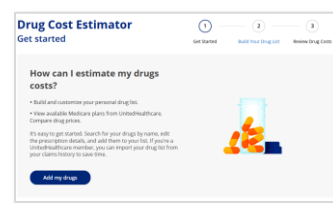

Estimate Prescription Drug Costs

Agents play a vital role helping members understand how their prescription drug coverage and costs may change. On Jarvis, the Drug Cost Estimator is a powerful tool designed to assist agents in understanding prescription drug lists and comparing plan costs. It includes enhanced features such as plan details and provides monthly and yearly cost estimates along with insights into drug coverage and tiers.

Key Features

On Jarvis, this tool provides information on drug coverage status, tier placement, clinical program requirements like Prior Authorization or quantity limits, as well as estimated costs by month and year.

Multiple medications can be included to view pricing for the current plan year or the next plan year (available during AEP).

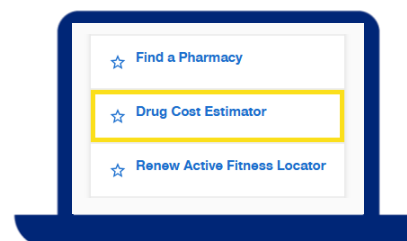

What's New?

Plan Pay: Displays UnitedHealthcare's monthly contribution to covered prescription drug costs to more easily see the total cost, the member cost and the plan payment by month.

How can agents access the tool?

The Drug Cost Estimator is easily accessible on the Jarvis homepage under Directories/Networks in the Quick Access links.

Jarvis > Quick Access Links > Directories/Networks > [Drug Cost Estimator](#)

Drug Cost Estimator

Estimate Drug Costs

Can members and consumers access this tool?

Members and consumers can access a version of the Drug Cost Estimator at uhc.com/medicare. Once on the site, they can:

- Compare plans and easily add their current medications
- Select a preferred pharmacy location
- Review drug copays and deductibles
- Add if they are receiving Extra help/LIS
- Display LIS Level 1 cost-share for covered drugs
- Explore the Extra Help program and learn how to get started

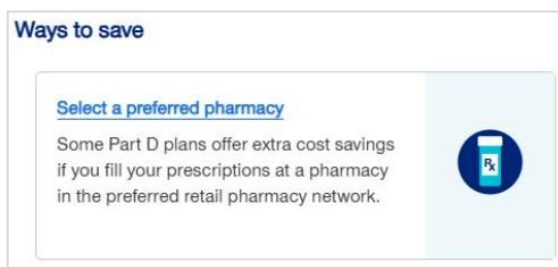

If using uhc.com/medicare to look at **2025** plans, the last formulary was updated in August. This means any updates to the formulary for the remainder of 2025 **will not be reflected in the tool** but will correctly show up in the formulary PDF linked on each plan page.

uhc.com Experience

A version of the Drug Cost Estimator tool is available on uhc.com/medicare. Additionally, from Oct. 1 - Dec. 31, the tool can be accessed via the member portal on the Prepare For Next Year (PFNY) page.

Ways to Save is an option found on uhc.com/medicare within the “View drug costs” feature for standalone Part D plans and for all plan if you have a branded drug selected. It offers suggestions for consumers to view ways to save on their prescription drug costs by:

- ★ Switching to Generic
- ★ Switching to a covered alternative drug (with provider approval)
- ★ Selecting a preferred pharmacy (standalone PDP only)
