1 Your age as of your plan effective date.

2 Refer to the application.

3 The **Enrollment Discount** applies if you are between the ages of 65 and 85 and your plan effective date is within fifteen years following your 65th birthday (or your Medicare Part B effective date, if later), and you do not have any medical conditions on the application that would qualify you for the Level 2 rate.

Rates usually change each year. The discount you receive in your first year of coverage depends on your age on your plan effective date. The discount is 45% at ages 65 through 67. The discount percentage reduces by 2% each year on the anniversary date of your plan from age 68 to age 79 and then by 3% from age 80 until it reaches 0% on the anniversary date of your plan on or after age 86.

4 Plan F is available only to applicants eligible for Medicare prior to 1/1/2020.

5 Level 1 Rates apply to individuals whose plan effective date will be fifteen or more years following their 65th birthday (or Medicare Part B effective date, if later). Level 1 Rates are for individuals whose acceptance is guaranteed or who do not have any of the medical conditions on the application.

6 Level 2 Rates apply to individuals whose acceptance is not guaranteed and who have one or more of the medical conditions on the application.

1 Your age as of your plan effective date.

2 Refer to the application.

3 The **Enrollment Discount** applies if you are between the ages of 65 and 85 and your plan effective date is within fifteen years following your 65th birthday (or your Medicare Part B effective date, if later), and you do not have any medical conditions on the application that would qualify you for the Level 2 rate.

Rates usually change each year. The discount you receive in your first year of coverage depends on your age on your plan effective date. The discount is 45% at ages 65 through 67. The discount percentage reduces by 2% each year on the anniversary date of your plan from age 68 to age 79 and then by 3% from age 80 until it reaches 0% on the anniversary date of your plan on or after age 86.

4 Plan F is available only to applicants eligible for Medicare prior to 1/1/2020.

5 Level 1 Rates apply to individuals whose plan effective date will be fifteen or more years following their 65th birthday (or Medicare Part B effective date, if later). Level 1 Rates are for individuals whose acceptance is guaranteed or who do not have any of the medical conditions on the application.

6 Level 2 Rates apply to individuals whose acceptance is not guaranteed and who have one or more of the medical conditions on the application.

1 Your age as of your plan effective date.

3 The **Enrollment Discount** applies if you are between the ages of 65 and 85 and your plan effective date is within fifteen years following your 65th birthday (or your Medicare Part B effective date, if later), and you do not have any medical conditions on the application that would qualify you for the Level 2 rate.

Rates usually change each year. The discount you receive in your first year of coverage depends on your age on your plan effective date. The discount is 45% at ages 65 through 67. 4 Plan F is available only to applicants eligible for Medicare prior to 1/1/2020.

5 Level 1 Rates apply to individuals whose plan effective date will be fifteen or more years following their 65th birthday (or Medicare Part B effective date, if later). Level 1 Rates are for individuals whose acceptance is guaranteed or who do not have any of the medical conditions on the application.
