

Help clients navigate upcoming changes in Missouri for AARP Medicare Supplement Plans

Beginning Sep. 24, 2026, applicants in Missouri who are using their Guaranteed Issue right to switch Medicare supplement insurance plans within 30 days of their policy anniversary will be required to provide proof of their current coverage when applying for an AARP® Medicare Supplement Insurance Plan insured by UnitedHealthcare® Insurance Company (UHIC).

In addition to the applicant's name and policy anniversary date, documentation verifying their existing plan will be required. Examples of acceptable documentation may include but are not limited to:

- a letter from the current insurer, or
- a current copy of the ID card and billing statement

Providing the required documentation at the time of application can help support a smoother enrollment process and avoid delays.

New applications for Missouri will be required starting Sep. 24, 2026.

Please do not download or order large amounts of Enrollment Kits now. Any kits ordered prior to Sep. 24, 2026, will be outdated and the applications will not be the correct version.

Important!
Please ensure your clients promptly sign applications through JarvisEnroll as applications will be changing on Sep. 24, 2026*
