

Beginning October 10, 2026, important changes in Delaware will take effect for AARP® Medicare Supplement Insurance Plans insured by UnitedHealthcare® Insurance Company (UHIC).

1. Underwriting Change

UnitedHealthcare will transition to eligibility underwriting in Delaware for new AARP Medicare Supplement Plan enrollments outside of the Annual Birthday Enrollment, Annual Open Enrollment, Medicare Supplement Open Enrollment and Guarantee Issue periods.

2. Plan rates

Individuals who change to an AARP Medicare Supplement Plan from a Medicare Advantage Plan during the Annual Open Enrollment Period will need to answer health questions to determine the appropriate premium rates. Applicants with one or more qualifying health conditions on the application may be quoted at a higher premium rate.

For complete details, please refer to the Delaware Producer Handbook on the Sales Materials Portal, accessible via Jarvis.

New applications for Delaware will be required starting Oct. 10, 2026.

Please do not download or order large amounts of Enrollment Kits now. Any kits ordered prior to Oct. 10, 2026, will be outdated and the applications will not be the correct version.

Important!
Please ensure your clients promptly sign applications submitted through JarvisEnroll as applications will be changing on Oct. 10, 2026*
